Do you have any medical condition that you feel may interfere with your participation in Competitive Judo if so state why.

If any of the questions is YES you should consult a doctor before starting any vigorous exercise and a written medical report is needed to start this JUDO program.

Medical Checks.

1. Resting heart rate (RHR)

Placing your fingers upon the carotid entry on your neck and count the number of beats for 15 seconds. Then multiply by four to give the number of beats per second.

Record the total number _____.

2. Blood Pressure (BP)

you can get a blood pressure test from your local doctor or at the Dojo. Record both the top (systolic) and the bottom (diastolic) figures.

Record the figures here: Systolic _____ Diastolic _____

3. Body Fat (BF)

Pinch the fat at your waist and measure the width that you are holding between your fingers, for every 0.5cm over 2.5cm you are approximately 4.5Kg overweight.

Record: the figures here: _____

4. Step Test (ST)

(For 15 to 40 year olds.)

- a. Step up and down on a 40 –cm bench for five minutes at a brisk, steady rate.
- b. On completion sit down and find your pulse in your neck count for 15 seconds.
- c. Record the figure and compare with the following chart.
